S3000
DLIVE REMOTE CONTROL SURFACE

The S3000 is a 20 fader dLive S Class remote control surface with a 12" capacitive touchscreen.

The S3000 can control any MixRack / Mainframe. Up to 4 control Surfaces can be connected to a single MixRack / Mainframe.

20 faders & 20 rotaries are freely assignable in 6 layers on the surface, giving 120 "control strips."

The S3000 can be connected with a single CAT5e cable or a dual redundant mode Cat5e cable to the Mixrack/Mainframe. Two 128x128 channel option slots are available on the back.

With the S3000 surface you can choose the control for the end-user through custom layouts and user permissions.
